SLC Coach's Toolkit & Measurement Program Integration

SLC Coaches will introduce, implement and enforce the SLC Measurement Program as part of their basic interaction with projects.

The Measurement Program is incorporated into the overall process of rolling out and supporting the SLC to projects (as defined in the SLC Coach's Toolkit).

The following table identifies primary integration points between the SLC Coach's Toolkit and the SLC Measurement Program:

SLC Measurement Program Component	Integration Overview	Toolkit Document (Initial Integration Points)
1. SLC Measurement Program Orientation Briefing	The SLC Measurement Program Orientation Briefing is presented as part of the SLC Introductory/Kickoff Meeting (must add slide to SLC PowerPoint Overview Briefing). Measurement Program Briefing should be presented subsequently to overall SLC Overview Briefing.	Section 1 SLC PowerPoint Overview and SLC PowerPoint Overview with notes page SLC Coaches Work Plan SLC Coaches Objectives SLC Coaches Role Description SLC Implementation Steps SLC Toolkit Table of Contents
2. SLC Program Overview Process Guide	Describes SLC Measurement Program (including Process Flow for Coaches to follow) and will be used as an additional job aid.	Stand alone-Appendix SLC Coaches Work Plan SLC Toolkit Table of Contents

SLC Coach's Toolkit & Measurement Program Integration
